THE WORKERS.

Clink, clank, sound the hammers now;
The sturdy anvils ring;
The bellows roar, and the hot flames pour
Their ruddy light far over the floor,
And the brawny smiths, they sing.

Whirr, whirr, go the busy looms
In the factories dark and high,
Where the timid sunbeam softly falls
Through the crusted pane on the blackened walls,
From the pure and beautiful sky.

Stitch, stitch, go the needles bright,
And the silver gleaming thread;
Women toiling early and late,
While the eyelids droop with a heavy weight,
To earn their daily bread.

Click, click, go the slender types,
As they fall from the printer's hands
Scattering wide each burning thought,
As it shaped itself in the mind that wrought
For over the waiting land.

Burr, burr, go the busy planes
In the lonely workshops, where
The sinewy joiners all day ply
Their noisy craft, and the shavings fly,
And their fragrance fills the air.

Ring, ring, chime the virgin coins,
As the mighty lever falls
On the solid bars of silver and gold.
The swarthy miners fashioned and rolled
In the great mint's vaulted halls.

Delve, delve—hear the miners at work
Far down in the hidden mines,
Toiling by day and toiling by night
'Mid the noxious gloom, where no ray of light
From the warm sun ever shines.

On, on, speed the sharpened plows,
As they turn the heavy soil,
Where the sturdy farmer guides the share
Through the last year's furrows gleaming bare
With the horny hand of toil.

These are the workers, hour by hour,
With hearts that are brave and true,
From dawn till dark, thro' the whole day's length,
Each gives with an earnest will his strength
To the work he finds to do.

But a grander task for all remains,
Which will only end with time;
And this great task is 'mid the c aseless din
Of the constant struggle that hems us in,
To make our lives sublime.

CORDOVA—A STORY OF A MAGNIFICENT FAILURE.

The colony at Cordova is going—home. It grows smaller as the weeks come and go. Only a year old, and already dead; going back to the States, *en masse*. The land of Washington is better yet than the thickets of Mexico. How heartily the old homes were lampooned and the new landed. Only a year ago that was; aye, only six months ago. Then five hundred persons peopled the valley. To-day two families swarm the streets of Cordova. The old country was not half as much abused going home as coming here. Universal suffrage at home is better than civil war, and unlicensed robbery and hard work. The trees did not bear silver dollars as they expected, and coffee and sugar plantations were not offered gratis before they landed at Vera Cruz.

Fortunes did not rise like exhalations and fall into every one's hands. Then the natives were up to snuff; they were as keen and sharp in a trade as the enthusiastic adventurers from the flower-flag country. Three hotels grew into being a day, but they are dead now. The sharpers and thieves that came and swindled indiscriminately, native and American, went down with the general wreck; went back to the States in debt; stole away, leaving others involved and bankrupt, and with characters, even among the greasers of this gambling nation, no better than those who serve in the chain-gang in the streets, or the pirate who invests the highways. Mexicans had not the best opinion of Americans when they came—that opinion has not improved by subsequent acquaintance.

The good men of the colony were put to shame by the reckless proceedings of those who came to obtain a living by their wits and their swindlings. The good have suffered for the bad; the honest been stripped by the wary and dishonest. Not uninteresting would a history of this settlement be. Strange indeed, would appear the record of many brave men, who came like birds of prey and departed amid general rejoicing. Hotel bills, livery bills, all kinds of bills of those gentry are as thick as leaves in Valambrosa. And though many were stopped by the law before clearing for the States at Vera Cruz, many more stole away with an army of creditors behind.

The State Prisons must have poured out their refuse here—the immoral, the robber, the libertine, the thief, all came here and fastened themselves upon honest men, identified themselves with citizens of America, North and South, and damned the colony, and fleeced it; and were the whole truth told, the head and front of native interference and native robber attacks, the collected facts bound in a volume would be rich in good and bad things. Stranger than any fiction would it be; full of human weakness and frailties; curious, and grave, and gay. The sad mingles in contrast with the ludicrous. For some noble men went down to the prison-house of the dead, suddenly, and without help and sympathy.

Old men and young fell victims to the fever and were carried out to the grave with less ceremony and feeling, with less regret and sorrow and respect than is shown at the funeral of the slave. Not all went thus, for great and generous souls were scattered here and there among the mass. There are the mango trees swaying to the breeze on the plaza of the town; no busy feet there; no aged men bare their heads to the cool breeze settling from the valley above; the cheery voices of the children are heard no more, and the whir of the machete resounds no longer in the chaparral There are houses without inhabitants, gardens overgrown; the plaza in a wilderness of weeds and shrubs; the bucket hanging lonely in the well; and the night birds and wild animals crossing the deserted threshold and possessing themselves of them.

One year ago General Price and Governor Harris selected this spot for a town, and roughed it there for months without roof or house. But the old General, the good old man, waited to see the bursting of the bubble, and then went sadly home. Governor Harris has followed, but not to the States. Perkins has gone to Paris. Shelby waits at Cordova for the completion of his Tuzpan enterprise. Hindman, in the capital, preparing for his homeward journey. So the father and founders of the colony have abandoned it. Only a few remain; the quiet men, not the visionaries and boasters, determining, somewhere here, to wait and see the end. The talkers have all gone; all the indignant ones, the enthusiastic ones, the fortune hunters, the dead locks, the bitter, uncompromising gentlemen, and some good men, too, struck their tents (some struck their bosoms), and shook the Mexican brown dust from their shoes, and are now safe under the stars and stripes. It was a disappointment.

In their anger, the boisterous did not spare the venerable founders of the colony: the sage old man, who spent so many dark, cold nights under the mangoes of Cordova; the unconquered ex-Governor of Tennesee; the coldly polite and genial ex-Judge of Louisiana; the learned author and scientific Maury—world-renowned and honored; the chivalrous Shelby—all these, and others, came in for their share of abuse, and were slashed and slaughtered without method and without remorse. A picture of these injured adventurers taken before and after their return at New Orleans, would be a study and a satire.

A LAUGHABLE INCIDENT.—The Marysville *Appeal* of the 10th tells the following funny story: "A very laughable incident occurred at one of the photograph galleries in this city yesterday. A country gentleman went in to get his two boys taken. In order to have the boys properly prepared, he asked for a basin of water to wash their faces. The artist informed the customer that he would find a wash-dish in the other room, and he retired and gave both boys a clean wash. After the pictures were taken it was noticed that the lads began to grow black in the face and continued to get blacker and blacker. The true state of the case immediately occurred to the operator, the boys had washed their faces in the wrong dish, a basin of chemicals prepared for pictures. There was no remedy then for the accident. The silver wash was turning the faces of the boys blacker and blacker, and there was no other way than to let the chemicals perfect the work. The gentleman left with his boys and by the time he reached home his wife had a couple of mulatto children.

A COSTLY WATCH.—The costliest watch that ever was made is said to have been one which was constructed in 1844 for the Sultan Abdul Medjid, who must have found it rather inconvenient, since it was five inches in diameter, and struck the hours and quarters on wires with a sound resembling that of a powerful cathedral clock. It cost 1,200 guineas. Another famous watch was noted for its smallness. It was inserted in the top of a pencil case, and though it was but three-sixteenths of an inch in diameter, its dial not only indicated the hours, minutes and seconds, but also days of the month. It was made in Geneva, and was displayed in the exhibition of 1851.

RALPH WALDO EMERSON has said many good things, but seldom anything better than the following: "There is one topic forbid to all well-bred—to all rational mortals—namely, their distempers. If you have not slept, or if you have slept, if you have a headache, or sciatica, or leprosy, or thunder stroke, I beseech you, by all the angels, hold your peace, and not pollute the morning, to which all the household bring pleasant thoughts, by corruptions and groans."

AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

MEDICAL.

THE LIGHT OF THE WORLD,
DR. MAGGIEL'S
PILLS AND SALVE

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

AXTELL ON RIGHTS.

In our issue of the 10th instant we published an extract from the oration delivered by this gentleman before the Fenian Brotherhood of San Francisco on the 17th of March last, and commended the spirit and tone as something unexpected from the source; and must confess that we did so with a degree of misgiving as to the sincerity of the author, and now we find that Mr. Axtell is not content as to the construction placed upon his language, and it appears is not half as anxious for the liberty of negroes who fought for the perpetuation of our Government as he is for that of Irishmen and unrepentant rebels. So he indites a letter to the Amador *Ledger* to explain his meaning. He wishes it distinctly understood that he did not say that the man who demanded freedom for Irishmen and not for negroes and Chinamen was not a true man, but what he did say was that "men who would claim it for Negroes and Chinamen, and not concede it to Irishmen, were not true to their principles; were unworthy to be followed." We were afraid that a large portion of the Democratic leaven still existed in Axtell's disposition. In 1863, when all true men were exerting themselves to the utmost to sustain the Government, S. B. Axtell was prowling through the State in company with J. W. Coffroth exhorting the sympathizers of the rebellion to remain firm in their treason, and now he presumes to tell the people in what consists a true man and correct principles. He does not wish it understood that he favors human rights farther than the same may be applicable to the liberation of Ireland; that all men have rights, (except the negro) and that he is willing to these rights, providing, all will, at the same time, refuse political rights to the negro and confer them upon the rebels who have forfeited them, and likewise give their undivided sympathy to Irishmen in their projected assault upon a power with whom we entertain friendly relations. He says:

"I have feared that there was a class of men in the United States who claimed privileges and sympathies for Negroes which they were not willing to accord to white people in the Southern States. I hope I am wrong; I hope we are far enough advanced in statesmanship and christianity "to do unto others as we would that they should do unto us.'"

Certainly, Mr. Axtell; we claim that those who were leaders in the late rebellion should receive their merited punishment, and if they can be better reached by disfranchisement, by all means disfranchise them; and we also claim that as the law-giving power of the Government has made the negroes citizens, that, so soon as they are possessed of the necessary intelligence they be invested with the elective franchise. So much for Axtell. But we deny his right to commit the modern Democracy to universal suffrage; on the contrary, they have committed themselves, through their accepted and acknowledged leaders, to quite the reverse.

HOSE COMPANY.—At a regular meeting of Reliance Hose Company, No. 1, held at their rooms in this place April 8th, the following officers were elected for the ensuing term: S. Swenson, Foreman; William Sherrin, 1st Assistant; J. H. Runckel, 2d do.; I. T. Coffin, Hose Director; J. H. Lakamp, Treasurer; H. H. Greeley, Secretary. After the election of officers, a vote of thanks was tendered to J. Taef, for the very able manner in which he discharged the duties of Foreman for the past eighteen months, and also the impartial manner in which he presided over their deliberations. The company is now in a most flourishing condition, numbering thirty-five active members.

ODD FELLOWS.—This order will celebrate Friday, the 26th instant, at Auburn, by a procession, oration by the Hon. Nathan Porter, of San Francisco, the whole to wind up with a grand ball in the evening at the new military hall. This display promises to be the grandest ever made in the county, and preparations are being made both by the public and private houses in Auburn to accommodate those who may participate in the festivities. We acknowledge the receipt of a ticket for which we tender our thanks to the Committee of Arrangements.

THEATER.—The Amateurs will repeat the play of William Tell on to-morrow evening, and close with the amusing farce of the Stage struck Yankee. As this company have heretofore applied the proceeds of their exhibitions to charitable purposes, we hope they will be remembered now that they have incurred expenses in procuring a wardrobe to better enable them in their representations. One full house will refray every expense.

EXHIBITION.—The scholars of the Public School will give an exhibition at the theater in this place on Saturday evening, 27th. The object of the entertainment we learn is to raise funds for the purchase of an organ for the use of the school. The pupils to take part in the exhibition have been training for the past three weeks, and as tutors possessed of talents of the first order have had them in charge we may expect an entertainment of merit.

GIVING OUT.—On Saturday last, Mr. Osmyn Harkness cleaned up his sluice boxes, between this place and Gold Run, after a run of twenty-two days, and realized the handsome sum of four thousand, six hundred dollars.

THE great prize fight between Chandler and Harris came off on Saturday last in Contra Costa county, and was won by Chandler in 23 rounds. Harris was nearly killed in the fight.

LETTER FROM COLFAX.

COLFAX, April 15th, 1867.

MR. EDITOR:—Since the termination of the late exciting State case the feeling is gradually subsiding and events will soon flow peacefully in the old channel. Old questions that were thought to be buried, are revived and now are engaging the attention of the majority. Among these the most important, if not the most disturbing, are

THE CHURCH AND SCHOOL HOUSE.

The location of the school house, some want it at one place, some want it at another, and between the contention and talk there seems to be little prospect of arranging the matter satisfactorily. The over zealous, among those dissatisfied with the present location, are, as is the usual case in such instances, those who have least interest in the wholy matter and are less able to render pecuniary assistance. At present we have what I should call a good school house, and with some slight repairs it would be made an excellent one. It is, to my view, desirably located, not too far to make it inconvenient, and at the same time sufficiently distant to be out of reach of the noise of the railroad and bustle and confusion attending the constant arrival and departure of trains. Those dissatisfied wish it removed into town near where the business is done and the most of the people reside. This, it is claimed would accommodate the small children. I think the argument is not good, for to my way of thinking a child not capable of going a quarter of a mile to school safely is not old enough to be benefited much thereby, and I am decidedly opposed to the modern fashion of some mothers in sending their infants to school to get rid of them, thus making a nurse out of a "school marm."

The other disturbing question is the church. At present we have none, and from indications are not likely to have one soon. Last week some enterprising spirits started round with a subscription, but to little purpose. To every application for subscription they were met with the reply "to settle the school house question and the matter would then be considered." The plan proposed seems to be, to build a Union Church, free to all denominations. To this I, for one, am opposed. I have witnessed in my residence in California too many instances of "obtaining goods under false pretences," not to say "larceny" in such propositions. We all know how it would be. However loud the talk of "Union Church" and "free to all denominations," the church would not be finished before some particular denomination would have possession of it to the exclusion of the others. This may be honest—custom and common occurrences of the sort in California seems to have made it so—but to my ideas it is not, and as I am opposed to any law or custom that has a tendency to increase or cause the commission of a crime, I therefore oppose this.

A MODEL LECTURER.

The itinerant lecturer on the Chinese question has left our town. He seems to have met with but poor encouragement. He first procured Starr's Hall but got drunk and failed to respond at the time appointed. This offended Starr, and he refused him the room on the second application. He then secured a room at Mendenhall's, but his audience was extremely small. He left much dissatisfied, swore dreadfully at the Railroad, and said that Dennis McCarty was owned by Charley Crocker. Through this, doubtless employed agent, the "Workingmen's League of Forest Hill" has made but little capital or credit for itself; a few more of the same sort would damn it eternally, as it would ruin a much more merited organization.

MINING.

Since my last we have had any quantity of rain, the ravines have all over-filled and those mining have been enabled to do well. John Frazier, near Kilmer's, has worked steadily during the rain and has averaged over $30 per day; his claim, with steady water, is an immense fortune. Jess. Douglass has also been doing well, making from $6 to $10. Walker & Co. are now sluicing up the ground they have heretofore ground sluiced, and are making $20 to the man, working six men. All seem now to be hurrying things up, endeavoring to take all the advantage possible of the water as it is very evident that the rainy season is about over. Yours, OCCASIONAL.

ROADS.—We would respectfully call the attention of our Road Commissioner to the terrible condition of our roads. As the people of Dutch Flat pay a considerable road tax, one would naturally think they ought to be entitled to a little attention, at least enough to keep their streets in order. This way, Mr. Thomas.

IT will be seen that a call is made for a meeting of the members of the Union County Central Committee at Auburn on Thursday, the 25th instant. It is desirable that as many of the Committee as can possibly attend, do so, as matters of the first importance to the party in the county will come before the Committee for consideration.

THANKS.—We are requested in behalf of the ladies interested in getting up the benefit supper for Rev. P. Y. Cool, to tender their sincere thanks to the people of our town in general, for their liberal patronage; to Mr. and Mrs. Seffens in particular, for their kindness manifested in opening their house for the occasion.

A CELESTIAL APPLICANT FOR CITIZENSHIP.—Ah Chung, as his name imports, is a native of the Flowery Kingdom. He is also an artist of no mean distinction. He has been, for some time past, a resident of California, and is so well pleased with "Melican man" that he wants to become an adopted brother. Accordingly he, this morning, applied to Judge Hoffman to be made a citizen of the Republic. The question as to eligibility to become an American citizen is a novel one. "All free white male citizens" of the age of twenty-one years, and upwards, are certainly eligible to American citizenship. But whether the Mongolian race can justly claim to be classed with white citizens is a controverted point. Judge Hoffman set counsel to work to study the Civil Rights bill and the law bearing the case, before granting or rejecting "John's" application to join the great American family.—*Alta*.

NEW RAILROAD.—The *Alta* says, a company has been organized to build a railroad from Amador Valley to Martinez, a distance of twenty-five miles, by way of Danville, Alamo, Walnut and Pacheco and $100 per mile (ten per cent. of the capital stock) has been paid in. The right of way will be obtained without cost, and the people along the route are willing to do all they can to help the road. The ground is so favoable that an offer has been made to build the road, and stock it with one locomotive, two freight cars and twenty passenger cars, for $14,000 per mile.

PREPARING.—A correspondent writing to the Grass Valley *Union* from You Bet, says that preparations are being made to put on a daily stage line to run from Nevada to this place on the new road, by the middle of May next, at which time the section of Mr. Colby's road between You Bet and Little York will be completed. The section of the road between this place and Little York will be opened by the first of May, and is thought by judges to be fully ample for all practicable purposes.

LETTER FROM NEVADA.

NEVADA, April 15, 1867.

"Alas! misfortunes travel in a train,
And oft in life form one perpetual strain;
Fear buries fear, and ills on ill attend,
Till life and sorrow meet one common end."

A colored friend of ours who makes himself generally useful and to whom we seriously think of transferring our right to the elective franchise, has got married. Yes, married!

"What do you think of marriage?
I take it as those that deny purgatory;
It locally contains a heaven or hell;
There is no third place in it."

Alas, poor John! We saw him this morning for the first time since this unpardonable act of indiscretion. Instead of a broom and watering-pot, he had a large market basket on his arm. "John," said we, "why do you not sweep out our office as usual?" "I am a married man now," replied he, "and will not be able to resume my regular duties until next month." His doleful countenance and generally debilitated aspect were a sufficient confirmation of this. "Blaze," whose benevolence is a well developed as his anatomy, has presented him with a staff, while other well disposed citizens are raising a subscription to defray his funeral expenses. It is needless to refer to other instances indicating man's improvidence; it is sufficient for us to know that our convictions are fixed, and although others may give us pain by their unguarded and questionable conduct, we shall still remain of the opinion that,

"If they were men as men they are in show,
They would not treat themselves nor ladies so."

A MUNICIPAL CONTEST.

In accordance with a local regulation an election will be held in this city on the 6th day of May, at which the present incumbent or some "other man" will be selected to fill the position of City Marshal, the subsequent official term. Twelve candidates are already in the field. Other names will doubtless be added to the list before the election comes off, as we have heard several others mentioned in connection with it who, though never successful, are always on the anxious seat. The duties of the office are not arduous but of a most annoying character. Arresting China women for improper exhibitions of their frailty, and carrying drunken squaws to the calaboose are some of the duties incident to the office, and which usually prevent modest men from entering the field. It is true that our prominent politicians take no active part in the contest of which we speak, yet it is quite plain from the Websterian gravity which they assume in their comments concerning it that many of them consider its phases as premonitory symptoms of future troubles. The *Transcript* has not yet defined its position, though its frequent reference to the badness of our sidewalks has been construed by wire-pullers into a preference for a better man. The *Gazette* always quiescent on local matters, yet "particularly heavy" on National affairs, has so far kept aloof from local alliances, and we believe intends to do so until the President and his policy is satisfactorily disposed of. The question having thus apparently been left in the hands of the untrammeled citizens will undoubtedly be amicably adjusted.

THE MINERAL BELT.

Several years ago a number of companies were actively and profitably engaged in hydraulic and tunnel mining on the western *terminus* of a long ridge that draws to a point a little north of Nevada, and which runs parallel with Deer Creek for a distance of eight miles. Scott's Flat lies about this distance northeast of Nevada on Deer Creek, and it is thought that the lead which has heretofore been profitably worked at its western extremity follows the ridge and crosses at Scott's Flat. The last named place is undoubtedly a good mining locality, but as the creek at the lower extremity of the Flat is narrow and very rocky, it is impossible to get the channel deep enough to drain the mines above. Green Mountain and Quaker Hill lie n short distance to the south-east of the place last mentioned and are at present yielding vast treasures to parties engaged in washing them down. Red Dog, You Bet, Little and Dutch Flat lie further on and the same range. The particular geological formation which is observed to be the same at all of the above places has lead many to believe in the existence of a continuous vein having its course as above pointed out. If such is the case, it must be left to future generations to enjoy, as it will be found impossible during the span of one man's life to make more than an attempt at its development. LEX.

MEDICAL.

S. T.—1860.—X.

"JES SO!"—"EXACTLY!"—Solon Shingle said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco. Dec-3m

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

Perry Davis' Vegetable Pain Killer,

As an internal remedy, has no equal. In cases of cholera, summer complaint, dyspepsia, dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. It is the best liniment in America. Its action is like magic, when externally applied to bad sores, scalds, and sprains. For the sick headache and toothache, don't fail to try it. In short, it is a Pain Killer.

PERRY DAVIS' PAIN KILLER.—This medicine has become an article of commerce, a thing no medicine has ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants as tea, coffee, or sugar. This speaks volumes in its favor.—GLENS FALLS MESSENGER. d1.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to study, to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and acting in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage (gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can go for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that never-failing physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for obstructions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to DR. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 978, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets, SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty-year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc.,

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,

L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as, weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of DR. YOUNG, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
